"THE DECLINE AND FALL OF PRACTICALLY ALL ORCHID NAMES" *Dr. Joseph Arditti*

Dr. Arditti is with the Department of Development and Cell Biology at University of California at Irvine. He is noted for his many articles in orchid publications and is a well-known author. He is a very qualified and a most entertaining speaker.

PLANT TABLE

Jim Gonhue of Orchids Ltd. in Carson will furnish plants for the plant table. He will bring a variety of genera - probably including Cattleya, Dendrobium, Oncidium, etc.

REFRESHMENTS

The following members have been invited to bring cookies for the refreshment break: Mr. & Mrs. D. Morgan, Mr. Roger Parsley, Dr. Philip and Mr. Brian Plocher, The Powells - Helen and Helen, Dr. Barry Reder, Mr. J. W. Rich, Mr. & Mrs. R. Roemer and Mr. & Mrs. Jim Rolph.

DRAWING

Florence Branch was doubly unlucky in February in that she was sick and thereby missed claiming \$25.00 when her name was drawn. The amount will be \$50.00 in March.

NOVICE NEWS

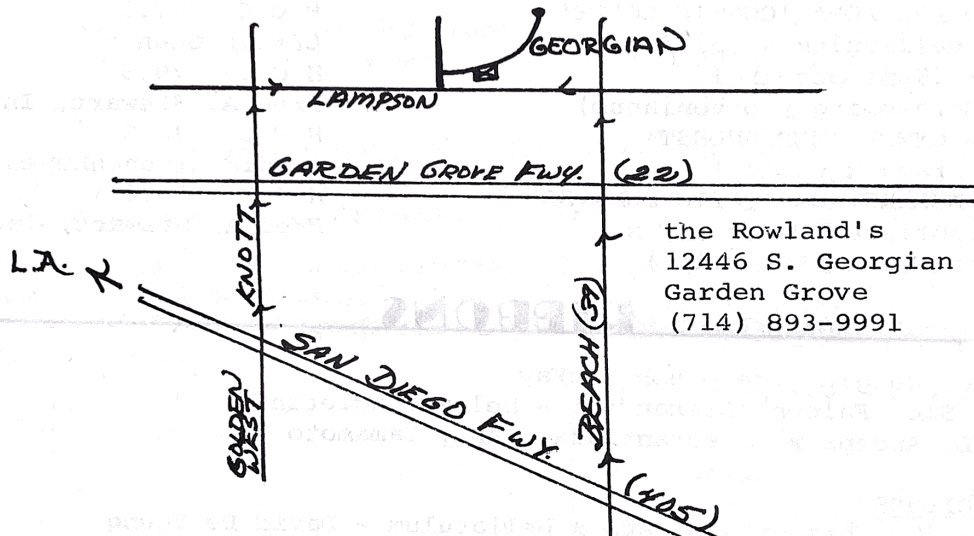

The March meeting of the Novice Group was held at Paul Brecht's Orchid Gardens. 46 people braved the rain and thoroughly enjoyed seeing the remodelling results, as well as Paul's demonstrations using plants in pots, as well as ferns and companion plants to make up some lovely displays in baskets.

Please note a change in date for the April meeting, which will be held Sunday, April 13th (one week after Easter) at the Rowlands. Pat always has helpful information to share and the cymbidiums will be in bloom for all to enjoy. Bring a chair and a plant for the opportunity table.

SUNDAY, APRIL 13

10:00a.m. - 12 noon

BRING A FRIEND!

LAST MONTH

We want to thank Ernest and Elsie Hetherington for their most interesting presentation of pictures taken during their recent trip to China. They were costumed for the occasion in lovely silk robes purchased in China.

Plants for the Opportunity Table were from Stewart's.

The Society is most appreciative of donations to the Plant Table by:
Robert MacKay - 9 back bulbs, Dick Johnston - 15 plants, Charlie Bowman - Hydrometer and Kay Stewart - Cattleya.

A stephanotis vine growing in the greenhouse can be a source of beauty, fragrance and pleasure.
