

South Coast Orchid Society – Auction 2026 – Plants donated by Janell Schuck estate, and other donations

Auction Inventory – March 22, 2026

Plants not in good condition will be withdrawn before the auction. Not all plants had labels. Plants from the Schuck estate chosen for auction are those estimated to be of higher value based on size, bloom, or rarity. Data shown are inventory number for the auction, pot size, plant name, awards, and remarks. A minimum bid may be set for some items at the discretion of SCOS. Also included for auction are several unusual items of garden décor and some larger companion plants. Photos are representative unless noted as “photo of this plant”.

101 5 gal.?

Den. speciosum,

good medium yellow, old big specimen to be repotted or divided. Photo of this plant.

Bidder: _____

Price: \$ _____

102 4"

Den. Regal Vista,

mature specimen, flowers much larger than most cultivars of this popular hybrid, 2 ½" across, very pale yellow, lavender lip. Photo of this plant.

Bidder: _____

Price: \$ _____

103 5"

Den. jonesii,

specimen, like a miniature speciosum, compact plant with many growths, 9 spikes this year, uncommon locally, Andy's Orchids sells 2" seedlings 2-5 years from blooming for \$60. Photo of this plant.

Bidder: _____

Price: \$ _____

104 6" **Ctt. (Slc.) Jewel Box**

‘Scheherazade’ AM/AOS 1971, nice specimen, uncertain if it is a division or mericlone, but it was in Earl Felt’s collection for a long time. Photo of this

plant.

Bidder: _____

Price: \$ _____

105 mounted **Cattleya loddigesii**, line

breeding from Cal-Orchid, cross 3454, C. loddigesii 'Aranda B' x 'Sweetheart', nice full flower, 4½" across, medium dark color, in Earl's collection at least as early as 2010? We designate it 'Earl's Choice'. Photo of this plant.

Bidder: _____

Price: \$ _____

Garden art, wrought iron,

candle holder, use as trellis, wall ornament, or for displaying small potted plants.

Bidder: _____

Price: \$ _____

117 mounted

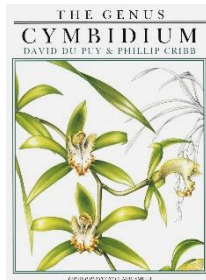

**Myrmecophila
(Schomburgkia)**

tibicinis, well established specimen
mounded on cork bark.

Bidder: _____

Price: \$ _____

118

**The Genus
Cymbidium (David Du
Puy and Phillip Cribbs,
1988 edition)**, reference for all

the species, according to Kew and the
Royal Horticultural Society. There is a later edition, 2007.

Bidder: _____

Price: \$ _____

119 8" pot

Dendrobium

speciosum,
specimen from Janell,
white. Representative
photo.

Bidder: _____

Price: \$ _____

120 8" pot

Dendrobium

speciosum,
specimen from Janell,
white. Representative
photo.

Bidder: _____

Price: \$ _____

121 1 gal

Eulophia petersii.

Possibly the perfect orchid for a future hot climate in Long Beach. Extremely tough, grow it like a cactus, but water carefully when new growth is developing, as it expects a rainy

season.

Bidder: _____

Price: \$ _____

122 1 gal

Epidendrum ciliare,

tends to be unruly, this specimen seems relatively compact.

Bidder: _____

Price: \$ _____

123 basket

Laelia anceps, apparently 'Guerrero' x 'Helen', mature specimen. Representative photo.

Bidder: _____

Price: \$ _____

124 basket

Laelia anceps, apparently 'Guerrero' x 'Helen', mature specimen. Representative photo.

Bidder: _____

Price: \$ _____

125 basket

Laelia anceps, mature specimen, label says “purple”, so likely a deeply colored cultivar. Representative photo.

Bidder: _____

Price: \$ _____

126 mounted

Laelia anceps, mature specimen. Representative photo.

Bidder: _____

Price: \$ _____

127 large pot

Cattleya Trinette
(= **Jacquinetta x Trimos**), old hybrid from 1955, probably a 4-5” white, but might be purple. This hybrid was used by Ben Bracey. No photo of the hybrid or of the Jacquinetta parent is known.

Bidder: _____

Price: \$ _____

128 6” pot

Dendrobium speciosum, cream, nice specimen.

Bidder: _____

Price: \$ _____

130

5"

Cymbidium Little

Beauty 'Dark

Harry' HCC/AOS 1993, one of Janell's awarded plants,

Bidder: _____

Price: \$ _____

131

5"

Cymbidium NOID, in

spike, 7" pot. Looks to be a miniature or novelty with very small flowers. When it blooms, bring us a picture and maybe we can identify it!

Bidder: _____

Price: \$ _____

132

1 gal

Ansellia africana alba.

Bidder: _____

Price: \$ _____

133 Cll. Snowflake 4N x

Guaricyclia Kyoguchi,

recent breeding from SVO cross #10177, mostly pale, but some with much deeper color. 1 seedling in 5" pot.

In spike, looks like a winner!
