We are certainly fortunate in having Mr. Clarence Kodo as our guest speaker this month. Mr. Kodo is a Research Assistant in the Plant Pathology Department at the University of California at Berkeley. He has his degree in Soil Sciences and a minor in Plant Physiology. At the present time he is working on his PhD and is doing extensive work and research on virus' in orchids as well as other plants.

At the April meeting, Harry Rapella, one of the directors of our Society, presented a program of great interest on C. Mossiae - Progress and What's New". He discussed the historical background and cultural requirements of this species. Following this brief and informative talk, Mr. Rapella showed some slides of his collecting trip in Venezuela. The interesting comments, interspersed with humorous references, were greatly enjoyed by an attentive and appreciative audience. It was an outstanding program, given by an authority who is well known for his work, and we again thank Harry Rapella, 'Mr. Mossiae.'

PLANT PROCUREMENT

Rapella Orchids furnished the major portion of fine plants for the plant table. Acknowledgements and thanks also to: Toy's Orchids, Southern California Greenhouse Manufacturers, Clark Day, Jr. Orchids, Rheinfrenk and Hudson, and to Mr. A. Falk for the fifteen choice cattleya divisions.

The plants for the May meeting will come from the Arthur Freed Orchid Company. We can certainly expect some outstanding things this month.

PLANT FORUM

Mrs. Rita Crothers and Paul Gripp commented and gave interesting information on many of the beautiful plants brought by our members.

A beautiful collection of "C. Mossiae", displayed by Harry Rapella Orchids, was an outstanding exhibit much enjoyed by all members.

Clark Day Jr. Orchids displayed a fine collection of cymbidiums and other orchids.

Mr. and Mrs. R. Allgore were gracious hosts to sixty members of the Novice Class at the May meeting. Fred Vaughan, chairman, presented the program. The program was a discussion of work which must be done in cleaning the greenhouse plants, cleaning greenhouse equipment, and use of insecticides.

The June meeting will be held on June 2, 1963 at the Fred A. Stewart Orchid Range at 8606 Las Tunas Drive, San Gabriel. The meeting will be at 1:30 p.m.

YOU GET THE RED CARPET TREATMENT WHEN YOU COME TO STEWARTS

When you come in our door you are an important person to us. We want you to feel at home and enjoy your visit. We have a staff of trained salesmen-growers to help you select the plants you want.

When you first come in to Stewarts you see an attractive patio with lounge chairs and a pot full of hot coffee on the table so you can relax. Many of our customers come a long distance and like to rest a bit before going into the orchid houses.

At Stewarts you will find displays throughout the houses with names, parentages, and prices to aid in your selection.

In the Spring we have our Cymbidium Festival and Potting Demonstrations. We also have our Cattleya Cultural Demonstration in the Fall. All these and more are our way of showing that we like to see you come to Stewarts where you get true "red carpet treatment."

We have 12 houses of Cattleyas, 12 of Cymbidiums, 1 house of Cyripediums and 2 of Botanicals — all for your orchid pleasure.

Don't you think you should come to see the exciting new crosses at Stewarts — soon? Let us show you what we mean when we speak of

RED CARPET TREATMENT.

It is with great sadness that we announce the death of one of our dearest Orchid Hobbyists, Mrs. Pearl Lumley, who passed away on May 14, 1963. Mrs. Lumley was the mother of Mrs. Jack A. Alf (Jean), who, also, is a member of South Coast Orchid Society. We offer our deepest sympathy.
