ORCHIDS ARE GRACIOUS LIVING-WEAR THEM!

PROGRAM: APRIL 28, 1969.....'PAPHIOPEDILUMS'

With an eye to the ever increasing popularity and demand for Paphiopedilums (Cyps.). Your program director has arranged that we move along with the times. For our April meeting we are privileged to present an old(not age) master in the field. John Hanes who has grown paphs., for a number of years and who is an A. O. S. Judge of long standing will tell us all about the care of these beauties, what to look for in our purchases and some of the expectations for the future. In view of the current wave of interest this is certainly not a program you should miss. Then for the 'Coup de Resistance' sort of thing John is going to supply our Plant Procurement Table. This insures us of some of the finest plants.

PROGRAM PAST: For those of you who missed, for various reasons, our last program I will say you missed a 'Jim Dandy'. Mr. Dorn took us on a delightfull trip thru' the years, from his initiation into our world of Orchids, to the present day, and in fact into the future with his hopes and expectations of things to come. Really an extremely well balanced program delivered in very very nice manner. It seems tho' that this Editor was somewhat misinformed, and worse put it into print. It turns out that the established range that I mentioned was in main stocked by Mr. Dorn and that the magnificent Stud Stock that is now on the Range was in main procured by Mr. Dorn and is of his or his wifes choosing. My humblest apologies for my implications. Thank you again for a delightfull evening.

REFRESHMENTS: Invitations were extended to the following to donate our refreshments for the April meeting: Mr. & Mrs. M. Wang, Mr. & Mrs. John Vidulich, Mr. & Mrs. B. Wendel, Mr. & Mrs. J. O. White, Mr. & Mrs. H. E. Whittaker and Mr. & Mrs. W. Wilson.

"QUOTE": Prosperity is something you feel, fold, and mail to the Internal Revenue Service.

DUES: Dare I mention it again? May 1st is the absolute deadline for inclusion in this years Roster. Remember, the dues are only \$6.00 for the years membership and this will include all the benefits of a member in good standing. Send your dues to Mrs. Shaub 3643 Vista St., Long Beach, Calif. 90803 or just bring them to the meeting in April and enjoy our program by John Hanes.

MEMBERS NEED MEMBERS: Can you remember when you first started growing orchids? How did you feel as a new member? When you see a guest or new member to SCOC, think how fortunate you are to be the one to usher them into the "Wonderful World of Orchids".

Make all feel at home. This sense of belonging that starts is carried on right into club work later on. Indoctrinate these new people, not only in the skills of Orchid Growing but in the true spirit of the activity. Learn to call each member by name. Wear your name badges so the new members will know you. Let each of us set ourself a goal to bring at least one new member to join our Society this year .

SOUTHLAND SHOW: Congratulations to the 'Crew' who worked so hard toward putting in a display of great credit to S.C.O.S. Unfortunately you can't win 'em all but some interesting things came to light from their efforts. Our President Charlie Bowman proves that 'Jogging' need not necessarily be confined to the early A.M. and with a wheelbarrow no less. I sometime wonder if we don't carry this health thing a little too far. - Vince Scoggins was so eager to get at it that he left his wife Eleanor at a Nursery somewhere. Understand he was put on bread and water for a couple of days, hardly in keeping with the theme of the display and its Horn of Plenty. Finally Jim Potter got so 'Pooped' with the pace set that Charlie had to load him on or in the wheelbarrow and 'Jog' him up the ramp to ground level. Hows that for devotion to duty?

PEARLS OF WISDOM: "Small kindnesses, small courtesies, small considerations habitually practiced in our social contacts give a greater charm to the character than the display of great talents and accomplishments."

DID YOU KNOW: The famous grass skirts of Hawaii are made of nothing more than the leaves of ti plant, or good luck plant. The ti plant(Cordyline terminalis) can be grown in your home or green house.

NOVICE CLASS: Thanks to the Hostess Mrs. Bance and the 'Windyness' of Leo Bance a reasonably good meeting was held on April 13th. I always suspected I talked to much, it was confirmed when I talked thru my allotted time. Our next Class will be held at a location brand new to us, when we will be the guests of Mr. & Mrs. Koenigsberg, 1612 S. Fremont Ave., Alhambra, Calif. We will return to the 1st Sunday of the month on May 4th 1969 at 10:00 A.M. As usual bring a friend, chair and plant for the table. A Map showing the location of the meeting is shown on the next page.
